

Adventure

WHAT IS ADVENTURE?

As a **wilderness-oriented** program, participants enjoy **camping, hiking, kayaking** and forming bonds with one another that will **enhance** their **first year experience** at **UGA** and beyond by building **community** through **exploration**.

Take a look at what past participants and counselors had to say about **Dawg Camp Adventure:**

“Adventure was easily the greatest five days of my summer. Not only were the things we did super fun, but the people I met changed college for me, before I had even set foot in my first classroom. If you heard that Adventure was 5 days of high ropes courses, camping, hiking, camp fires, rope swings and cliff jumping it would sound amazing, but that is just scratching the surface. Dawg Camp Adventure was about making connections with amazing people, and getting to know very motivated current UGA students who are already excelling and thriving at UGA. It made me excited about my major and college as a whole and it helped totally squash any worries I had. One of the most important things I learned while at Dawg Camp was that if I was considering getting involved with something in college, then I would not regret trying it. That applies to Dawg Camp Adventure, if you are thinking about doing it, do it. You won't regret it.”

- **Mack Hodges**, Dawg Camp Adventure 2016 participant

“I cannot express in words how great it has been to be a part of Dawg Camp. From what seemed like another to get involved and serve turned into me receiving a family and finding some of my best friends. Thank you, Dawg Camp, for challenging me, loving me, and making me a greater me. It truly has been a pleasure to be a part of this organization.”

- **Daniel Schoon**, Dawg Camp Adventure 2016 counselor
